## This Project Needs...

**Important:** Only members with the skillsets you select below will be able to join this project.

- ☐ Developers
- ☒ Designers
- ☐ Artists
- ☒ Writers
- ☐ Scientists

## Project Description

### What are you making?

Enter at least 280 characters. You've entered 24.

Rental property explorer

### Why are you making it?

The Department of Finance (DOF) is required by NY State law to value condominiums or cooperatives as if they were residential rental apartment buildings. DOF uses income information from rental properties similar in physical features and location to the condominiums or cooperatives. DOF applies this income data to the condominium or cooperative and determine its value in the same way DOF values rental apartment buildings. Update Frequency: Annually

### What do you need help with?

Design and writing

## Project Goals

Example: "Release final designs as static mockups for community feedback"

Example: "Release code and design as open source for other cities to use"

This field is required

Goal 1

0/120

This field is required

Goal 2

0/120

Goal 3 (Optional)

0/120

## Tags

One descriptive tag per line please.
